## PRICE SCHEDULE OF RATES IV - PLUMBING AND SANITARY

## 1. MAINTENANCE, REPAIRS, ADDITIONS & ALTERATIONS

| To supply, install or replace Roof to galvanised storage tank gauge 12 complete with cover not exceeding 0.5m <sup>-2</sup> .  To supply, install or replace Roof to galvanised storage tank gauge 12 complete with cover not exceeding 0.5m <sup>-3</sup> but not exceeding 1.0m <sup>-3</sup> but not exceeding 1.0m <sup>-3</sup> .  To supply, install or replace Roof to galvanised storage water tank gauge 12 complete with cover not exceeding 1.0m <sup>-3</sup> but not exceeding 1.5m <sup>-3</sup> .  To supply, install or replace Roof to galvanised storage water tank gauge 12 complete with cover not exceeding 1.5m <sup>-3</sup> but not exceeding 1.5m <sup>-3</sup> .  To supply, install or replace Roof to galvanised storage water tank gauge 12 complete with cover not exceeding 1.5m <sup>-3</sup> but not exceeding 2.0m <sup>-3</sup> .  To supply, install or replace Roof to galvanised storage water tank gauge 12 complete with cover not exceeding 2.5m <sup>-3</sup> but not exceeding 3.0m <sup>-3</sup> .  EACH 420.75  To supply, install or replace  4880mm x 2440mm x 2440mm x 2.5mm thick pressed stainless steel water tank complete with colour coated profiled galvanised tank cover (0.55mm thick), stainless steel clasts, stays, stainless steel water tank and all other necessary fittings including adjustment, connections to piping, cleaning and making good work disturbed (Use of crane measured separately).  To supply, install or replace  EACH 8,389.50 | S/No | Description                                           | Unit | Unit Cost (\$) |
