# CHAIRMAN'S STATEMENT

Significantly, the contribution from our overseas operations rose 49.4% to \$50.5 million, vindicating our strategy to broaden SATS' earnings base by tapping into the dynamic growth of the regional aviation market through strategic investments and joint ventures.

## DEAR SHAREHOLDERS

The financial year 2004-2005 is a watershed for SATS. The competitive landscape was significantly altered when a third ground handler was established at Changi Airport in 2004 and our erstwhile competitor went through an ownership change. The changes raise the intensity of competition and put our mettle to the test.

In the last eighteen months or so, we had pro-actively taken steps to ensure that SATS remains well positioned in the new market environment. Several measures were taken to improve our cost competitiveness and product quality. They included the streamlining of our organisation structure and processes and a flexible wage structure. These measures, while achieving some positive effects were, however, insufficient to protect our market leader position in the new competitive environment. Decisive pre-emptive measures were needed to protect our market-leading position. In September 2004, a restructuring exercise had to be implemented involving staff retrenchments and outsourcing of positions. Retrenchment is always a measure of last resort but given the new competitive environment, the painful but necessary action could not be avoided. Management spent great effort to communicate the decision to staff and unions, and worked closely with the unions to minimize the pain for all affected staff. We are very appreciative of the support and cooperation of the unions. At a cost of \$28.8 million, the restructuring is expected to provide an annual savings of \$21 million, going forward.

Against this turbulent backdrop, management and staff of SATS worked hard throughout the financial year, and delivered a commendable performance. The Group's revenue for the year rose 12.3% to \$975.7 million, attributed to the strong rebound in air traffic during 2004. Whilst expenditure grew 14.4% to \$775.5 million mainly because of higher bonus provision and cost of raw materials, SATS was still able to report a 4.9% increase in operating profit of \$200.2 million. Even after accounting for the exceptional item of \$28.8 million associated with the cost of restructuring, profit before tax improved by

2.6% to \$223.3 million. Profit after tax, however, fell by 8.4% to \$173.8 million because of a one-off \$21.1 million tax writeback recorded for the financial year 2003-2004.

Significantly, the contribution from our overseas operations rose 49.4% to \$50.5 million, vindicating our strategy to broaden SATS' earnings base by tapping into the dynamic growth of the regional aviation market through strategic investments and joint ventures. Over the last 3 years, share of profits from our associated companies grew at a compounded annual growth rate of 29% and now contributes a full 20% of Group profit before tax. With growing pressure on rates and margins in our Singapore home market, SATS will continue to look afar for investment opportunities in the region. In this regard, I am pleased that following the completion of our purchase of a 49.8% stake in Jas Airport Services, a leading ground handler in Indonesia, in June 2004. We were also able to double our stake from 24.5% to 49%, in Asia Airfreight Terminal in August last year. The latter is a successful cargo handling joint venture in Hong Kong that we have been managing since its operational start-up in 1998. Air cargo traffic in Hong Kong is expected to continue on its healthy growth trend, riding on the economic boom in China, and construction for a second terminal has commenced to expand our handling capacity.

Notwithstanding the success achieved in our overseas ventures, we will continue to focus on strengthening and growing our Singapore operations. Last year, SATS welcomed a number of new airline customers during the year under review, including Air Zimbabwe, Austrian Airlines, Cardig Air, Northwest Airlines and Shandong Airlines. We also continued to grow our market share in the expanding budget carrier segment with the addition of Jetstar Asia, Tiger Airways and Valuair to our list of clients.

As at the end of the financial year, SATS had 52 airline clients to whom we provide in-flight catering, ground handling, aviation security or a combination of all three services. This represents a leading 77% market share of Indeed, our staff has done us proud. Despite the difficulties posed by the restructuring, SATS staff stayed focused on our mission to deliver superior service and the best value to our customers.

all airlines operating out of Singapore. In terms of number of flights operating out of Singapore, our market share is higher, at 85%.

SATS also broadened our service and product capability during the year, assuming service operations at the new VIP Complex on behalf of the Ministry of Foreign Affairs at Changi Airport, handling the arrivals and departures of diplomatic guests and dignitaries. Indeed, it is a testimony to our service reputation and the quality of service delivery by our staff.

Indeed, our staff has done us proud. Despite the difficulties posed by the restructuring, SATS staff stayed focused on our mission to deliver superior service and the best value to our customers. Many of them surpassed themselves in terms of service excellence and, in 2004, a record total of 1,142 staff were recognized for exemplary service at the national Excellent Service Awards, or EXSA, surpassing our previous record of 1,003 awards garnered in 2003. SATS was by far the biggest winner at EXSA, with 131 staff receiving the "Star" award, 386 receiving the "Gold" award and 625 receiving the "Silver" award. It is the dedication and hard work of each and every member of the SATS family that makes the Group a truly world-class ground handling agent and the market leader in what we do.

It has indeed been a challenging year for SATS, as we improved our cost efficiency, further raised our level of service, widened our range of services and products, continued to diversify earnings through strategic overseas growth, while continuing to provide good earnings for our shareholders. Through it all, staff, unions and management have remained steadfast in our mission to be the best ground handling company.

The Board is pleased to announce a final dividend of 6 cents gross per share, amounting to \$49.3 million after tax. Together with the interim dividend of 3 cents gross per share, amounting to \$24.6 million after tax, paid on 26 November 2004, the ordinary dividend after tax for the year will amount to \$73.9 million, representing a dividend payout of 42.5% or 37.6% if we exclude the \$28.8 million exceptional charge. This is an increase of one cent gross per share, or 12.5%, compared to the previous year, and is the third consecutive year that we have increased the dividend payment. Based on the average share price of \$2.08 for the financial year, the dividend yield is an attractive 4.3%.

Finally, I would like to thank my fellow Board members for their invaluable inputs and contributions throughout this past financial year. On behalf of the Board, I would also like to express our sincere appreciation to Mr Barry Desker who will be retiring from the Board on 19 July 2005 at the Company's Annual General Meeting, having served unstintingly for almost 6 years with SATS. Barry has been with the Company since prior to its public listing, contributing enormously not only at Board meetings but also on the Nominating Committee which he chaired.

I would also like to thank our airline clients, business partners and associates, and all of our shareholders for their continued and valued support. Most importantly, I would like to extend my sincere thanks to the SATS Management team, unions and to all staff for their continued loyalty, hard work and commitment. As a result of their combined efforts, SATS is now well-positioned to meet the challenges that lie ahead, and to further meet and surpass the expectations of our customers.

Dr Ow will upon re-election continue to serve as a member of the Audit and Risk Management Committee. Mr Ng will upon re-election continue to serve as Chairman of the Audit and Risk Management Committee and as a member of the Board Executive Committee. The Nominating Committee and the Board consider Dr Ow and Mr Ng as independent Directors. - iv. Ordinary Resolution No. 7 is to approve the payment of Directors' Fees of \$532,879.46 (FY2003/04: \$411,600.00) for the year ended 31 March 2005, for services rendered by Directors on the Board as well as various Board Committees. The formula for computation of the said Directors' Fees is set out in the Corporate Governance section in the SATS Annual Report for FY2004-05. In it, the basic retainer fee for Directors and the allowances for the Deputy Chairman and for Chairmen and members of the various Board Committees have been increased, in line with market practice and commensurate with their duties and responsibilities, and to address the need for the Company to pay competitive and equitable remuneration in order to attract and retain Directors with the necessary capabilities and desired attributes to serve on the Board and add value to the Company and its shareholders. Prior to this proposed increase, the basic retainer fee for Directors had been kept at \$28,000 since FY2000-01 (and indeed had been reduced for FY2001-02 due to the general economic downturn and the events of 11 September 2001 which occurred in that year).
